Pursuant to 37 CFR §1.321(b), and to obviate a double patenting rejection, California Institute of Technology hereby waives and disclaims the terminal portion of the term of the entire patent to be granted upon the above identified application subsequent to the expiration date of U.S. Patent No. 5,841,126. Further, any patent granted on the above identified application shall be enforceable only for and during such period that said patent is commonly owned with U.S. Patent No. 5,841,126.

California Institute of Technology does not disclaim any terminal part of any patent granted on the above identified application prior to the expiration date of the full statutory term of U.S. Patent No. in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR §1.321, has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title as stated above.

This disclaimer runs with any patent granted on the above application and is binding upon the grantee, its successors or assigns.

Attorney's Docket No.: 06816/019002/CIT2363

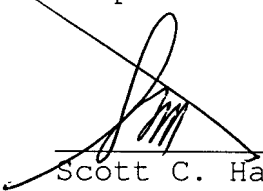

Enclosed is a check for the disclaimer fee of \$110. Please apply any additional charges to Deposit Account No. 06-1050, referencing Attorney Docket No. 06816/019002.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
